Experience & Employment Highlights

Self-employed

Online Portfolio at <http://jeremyjarratt.com/portfolio/>

- Web Developer/Designer
- Dayton, OH
- 2001 — present
- **SMAG Dance Collective**

September 2008 – March 2009. Maintained and updated SMAGDance.org.

- **Brilliant By Design**

June 2008 – November 2008. WordPress-powered web site to enable a small local business to achieve web presence and self-empowerment in managing web content. Original theme based on the client's design.

- **Technothrope**

2003 – 2004; 2005 – 2007, 2008. *In redevelopment.* Relaunch of a tutorials site geared toward web technologies and techniques. Original version used PHP-Nuke as core CMS; shortly after Joomla! was released in 2005, that platform was used instead. Currently using Joomla! for 3.0 redeployment.

- **Mars Site Templating System**
2003 – 2005. Developer/Designer. Mars S.T.S. used PHP, XHTML, CSS, and cookies to create a database-free CMS featuring automatic content linking and a user-selectable theme. Also featured what was at the time bleeding-edge cross-browser semi-transparent backgrounds, using PHP-generated dynamic cascading stylesheets based on the client browser's user agent string. This started as a prototype web site for the local chapter of a space research advocacy organization.
- **Tecumseh Local Music Boosters**
2002 – 2005. Designer/Developer/Administrator. Designed and developed extensive site featuring a dynamic photo gallery. Implemented using HTML, DHTML, CSS, PHP, MySQL, and Flash; original graphics. Also responsible for some copy writing.
- **The VAT Magazine**
2004. Designer/Developer/Administrator. Companion site to print magazine. Built with XHTML, CSS, PHP, and MySQL; featured a utility allowing editors and writers to upload files and have links automatically generated by the site's engine. Also produced content including graphics, Flash, copy, and advertisements. Original, custom-built CMS + b2evolution blogging engine, designed to mimic the look and feel of the print version.
- **Tecumseh [Local School District] All-Class Reunion**
2001 – 2002. Internet chair and Media/Publicity co-chair for steering committee. Designed and developed for a local not-for-profit organization; used Flash, HTML, CSS, PHP, and MySQL; original graphics. Produced content, including copy and all graphics. Message board by phpBB. Also produced compilation CD of alumni musicians. Voluntary work, done pro bono.
- **The Loving Scores**
2002. Designer/Developer/Administrator. Site for local independent artist/musician Anthony Dawson. Used HTML, CSS. Images used are artist's own.

Robert Half Technologies

- Consultant, web development
- Dayton, OH
- 4/2008 — 11/2008

Worked on site at DealCorp converting existing documents from ASP (classic) to XHTML/CSS + JavaScript. This involved making corrections and cleaning code after automatic processes had already been run and extensively testing the final result to ensure that no core functionality had been lost. Also designed Drupal templates and submitted design proposals for TQINet, one of which was chosen and used in production on one of their own clients' sites.

BathandBodyWorks.com

- Intranet Site Developer
- Dayton, OH
- 11/2005 — 4/2006

Intranet site/Product Resource Guide for employees of BathandBodyWorks.com, using accessible, standards-compliant, cross browser markup and modern styling techniques. This was done concurrent with role as an Internet Services Representative for Victoria's Secret Direct.

Victoria's Secret Direct

- Internet Services Representative
- Kettering, OH
- 9/2004 — 11/2007

Technical troubleshooting, answering e-mail from Victoria's Secret and BathandBodyWorks.com clients

Powertel PCS

- Customer Service Lead Representative
- Jacksonville, FL
- 3/1999 — 9/2000

Mentoring 20-25 associates, training, technical troubleshooting, client escalation management, reporting call center statistics, cellphone activation & programming

AT&T Wireless Services

- Customer Service Cube Leader
- Jacksonville, FL
- 2/1997 — 8/1998

Mentoring 5-10 associates, technical troubleshooting, remote cellphone programming

Education

The Recording Workshop

- Certificate, Audio Engineering & Production
- Certificate, Studio Maintenance & Troubleshooting
- grad. 11/1991

Wright State University

- Coursework: English, Practical Mathematics, Physics
- 8/1990 – 3/1991

Tecumseh High School

- Diploma
- grad. 5/1990

Summary

My objective is to secure a position in New Media that will allow me to develop and exploit my technical and creative skills. Innovation is my M.O., and I was an early pioneer of ultra-compatible translucent backgrounds on the web. I am self-motivated, and have been commended for attendance and communication skills, as well as for taking a hands-on, independent yet "team-oriented" approach. Learning new skills and techniques comes easily and I am excellent at finding and developing process improvements.
